

April 20, 2017

To Whom It May Concern,

I, the undersigned, hereby attest that we have been utilizing the services of Globex Worldwide Courier Inc for over 8 years.

Many of our shipments are initiated with very short notification and must be delivered to remote areas everywhere in Canada, yet Globex always finds a way to ensure on-time delivery. We have been extremely pleased with the customer support team and overall strong commitment to service excellence. Their extra efforts and initiatives resulted in many happy customers for General Electric over the years.

We were also thoroughly pleased, over the years, with their ability to maintain or reduce our distribution costs.

The energy, enthusiasm and great skills of their management team was truly appreciated by everyone.

We highly recommend Globex to shippers and receivers looking for a strong logistics provider.

Sincerely,

**Pierre Seguin**  
Senior Logistics Manager
